HOLE SIZES

0.125 inches
0.1875 inches
0.25 inches

- Text and important design elements should be away from the safety margin.
- For bleed, artwork should extend 0.125 inches past the dieline (covering the bleed area).
- Delete all template elements (including dieline) before exporting press ready PDF file for uploading to Jukeboxprint.com

USE PAGE 2 AND 3 OF THIS DOCUMENT AS A TEMPLATE FOR YOUR ARTWORK.

A diagram of a label with a decorative, wavy border. The border is composed of two concentric lines: an outer light blue line and an inner magenta line. The area between these lines is labeled "SAFETY AREA" and "BLEED AREA" at the bottom right. In the center of the label, the text "SIDE A" is displayed. On the left side, there is a registration mark consisting of a small magenta circle inside a larger light blue circle.
